

Immediate medical response
can mean the difference
between returning home or
leaving your home.

Falls top the list of cause of injury and death
for people over 65.

Getting **help in one hour** after a fall improves
survival rate by more than 90%.

Additional options include:

- **24/7 cellular-based emergency monitoring**
for clients that do not have traditional
home or internet telephone service.
- Automatic **fall detection** with our intelligent
pendant.

When seconds count,
VoiceCare can make a vital difference.

Our Emergency Response Team
is highly trained and standing by **24/7**,
ready to help you with any emergency
health situation at any time.

- ✓ Over 30 years experience
- ✓ US-based emergency health
monitoring centers
(we do not monitor burglar alarms)
- ✓ Quick response on phone,
typically less than one minute
- ✓ Emergency notification to
caregivers and family
- ✓ UL and FCC approved
- ✓ Self-checking equipment
