Dr. Julie Szumigala Named Lead Physician of Kensington OB/GYN

Julie Szumigala, MD, FACOG has been appointed lead physician of Kensington OB/GYN, a Women & Children’s Hospital of Buffalo facility.

In this role Dr. Szumigala will be working closely with the other providers to ensure a full range of OB/GYN care for patients at Kensington OB/GYN. Kensington OB/GYN offers a comprehensive range of health professionals and services on-site, including fetal monitoring, ultrasound examination, and routine GYN care from early teens through menopause. It also provides immediate access to childbirth education, lactation services, registered dieticians and genetic counseling and testing provided by Women & Children’s Hospital of Buffalo.

“Dr. Szumigala is a well-known and respected member of the Women & Children’s Hospital care team,” said Erin Klass-Hooge, Director, Ambulatory Services & Business Development, Maternal Infant Health. “Her reputation in the community is impeccable and we are thrilled that she will be expanding her partnership with us as the leader of our Kensington OB/GYN office.”

Dr. Szumigala will maintain her private practice with Women First Healthcare of WNY where she specializes in gynecology, including well/problem visits and surgical procedures.

Dr. Szumigala received both her BA, summa cum laude, in biological sciences and her MD with research honors from the University at Buffalo. She is a member of the American College of Obstetrics and Gynecology and is a member and past Past-President of the Buffalo Obstetric and Gynecology Society. She is board certified in obstetrics and gynecology.

Kensington OB/GYN, located at 462 Grider Street in Buffalo, is one of six OB/GYN Centers owned and operated by Women & Children’s Hospital of Buffalo.
