Zulqarni Honored with Humanism Award

A new class of 149 students celebrated its entry into the Jacobs School of Medicine and Biomedical Sciences with a traditional White Coat Ceremony August 12 at the UB Center for the Arts.

During the ceremony, Naz J. Zulqarni, MBBS, pediatric hospitalists with UBMD Pediatrics at Women & Children’s Hospital of Buffalo and clinical assistant professor of pediatrics, was presented with the Leonard Tow Humanism in Medicine Award.

Medical students nominate outstanding role models for the award. Known affectionately by her students as “Dr. Naz,” Zulqarni was described by one nominator as “the most compassionate, caring, loving physician and person I have ever come across in my life.”

Zulqarni was honored with the 2016 Louis A. and Ruth Siegel Award for teaching in the clinical program and also received an honorable mention in the volunteer teaching category for the same award in 2015.

Sponsored by the Arnold P. Gold Foundation, the Tow Award recognizes a faculty member who demonstrates outstanding compassion in the delivery of care; respect for patients, their families and health-care colleagues; and demonstrated clinical excellence.

Register Now for the Gates Vascular Institute Symposium: Updates in Cardiac, Vascular & Neuroendovascular Medicine

Kaleida Health is excited to present the third annual Gates Vascular Institute Symposium: Updates in Cardiac, Vascular & Neuroendovascular Medicine.

This educational symposium will be held Friday, October 14, 2016, (full day) and Saturday, October 15, 2016, (half-day) at Templeton Landing, 2 Templeton Terrace, Buffalo, NY 14202.

This year’s symposium will offer a wide range of speakers and topics, and host more than 200 attendees, including family practitioners, internists, cardiologists, cardiac, neuro and vascular surgeons, interventional procedural staff, critical care nurses, medical students and residents, advanced practice providers, and emergency medical services personnel.

Register before September 1, 2016 to SAVE!
