2019 Year in Review

THE IMPACT

Hello,

I am Ethan Pennell and I am 11 years old! I have vascular ehlers danlos, a genetic disease that affects multiple organs and blood vessels throughout the body and A autoimmune/autoinflammatory disease in which my body rejects my own lungs. I spent 14 days on heart lung bypass and I have had 2 strokes. I was so lucky to be chosen to be the 2019 Children's Miracle Network Hospitals miracle child! It was so much fun and I met so many amazing people. Thank you from the bottom of my heart to all the donors that made this experience so awesome. I also want to say thank you to the doctors, nurses and hospital staff of Oishei Children's Hospital because without you all I would not be here today! So many of the hospital staff are now like our family! This experience was so **awesome** and I was so happy to be able to help give back to other kids like me!

Thank you and love to you all,
Ethan Pennell

Thank You Message

On behalf of John R. Oishei Children's Hospital (OCH) and The Children's Hospital of Buffalo Foundation, we want to thank all of our donors, partners, volunteers and staff for your generosity and support.

Oishei Children's Hospital provides life-saving, critical care to our entire region, from the PA line to the edge of Lake Ontario. Every child, mom and family are cared for with compassion, and the highest level of quality and expertise. In fact, OCH was recognized nationally by the Leapfrog Group as a Top Children's Hospital both in 2018 and 2019. This places OCH as a top 10 children's hospital for quality and patient safety. **And we couldn't do it without your support.**

Did you know, nearly 70% of the patients and families cared for at OCH are covered through Medicaid? This means the vast majority of our patients and families face overwhelming economic hardships. Medicaid also covers nearly all of our children living with chronic, highly complex medical conditions. These little heroes thrive largely because of your support and your heartfelt compassion for the cause that is children's health.

In 2019, nearly 200,000 moms and children were cared for by our compassionate and highly trained medical teams. Thanks to our donors, our Kiwanis Level I Pediatric Trauma Program provided highly specialized care to over 8,600 children, The Children's Guild Foundation Level IV Neonatal Intensive Care Unit (NICU) cared for almost 900 precious babies and over 10,200 surgeries were performed in our Tops Friendly Markets Ambulatory Surgery Center.

Our generous donors also helped us develop new programs for children with complex and chronic medical needs in our Variety Tent #7 Robert Warner Rehabilitation Center and The Children's Guild Foundation Autism Center, ensuring the over 9,000 children with complex medical and behavioral needs and those visiting us for speech, physical and occupational therapies receive the highest level of care-coordinated services.

The global pandemic in 2020 is changing all of our lives. The impact of Covid-19 on hospitals has been severe, and the unknowns relative to its long-term impact are expected for many years to come. Please know that OCH is here, is adjusting to the changes, and focused on preserving the tertiary care needed for the moms and children in our community, many of which are only available at Oishei Children's Hospital. Continued financial support is critical and necessary to protect and enhance access to services for thousands of children, babies and moms in the future here, in our community.

We are here for the first-time mom, for the fragile 24-week twins, for the first grade boy who accidentally fell off his bike, for the little girl in oncology who feels different because she lost her hair, for the little brother who has trouble speaking, for the teenager with anxiety and depression – for support, for comfort, for reassurance...for answers. And we are here because of YOUR support. Thank you!

We hope you enjoy this report which highlights many of our generous community supporters, partners and volunteers. While we celebrate our positive impact in 2019, please know the needs are greater than ever, and through your generosity, we will remain strong, delivering the highest quality and compassionate care to every patient and family we see.

With sincere gratitude,

THE WHY CARING FOR OUR COMMUNITY

7 out of 10

families served by
Oishei Children's Hospital
are covered by Medicaid

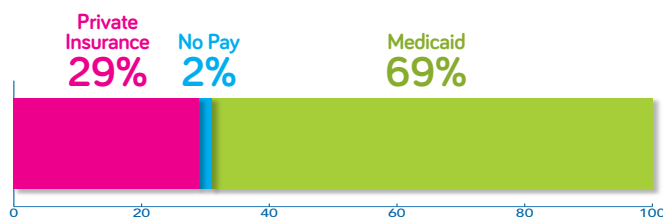

WHAT IS MEDICAID?

- Medicaid is health insurance that covers families who are facing economic hardships or children with a highly complex, chronic medical condition. Medicaid, being funded by the government, reimburses for hospital services at a much lower rate than private insurance.

- What this means is Oishei Children's Hospital:
 - Treats **every patient**, regardless of medical coverage or ability to pay
 - Treats the **sickest kids** in our region who have the most specialized and advanced care needs

- With nearly 70% of patients and families being covered by Medicaid there is a significant need for community support to help the hospital provide life-saving, high-quality care.

- Philanthropy helps the hospital thrive, providing:
 - Financial support for gaps in reimbursement
 - For example, Cochlear implants, which allow children with hearing impairment the ability to hear, are not fully reimbursed
 - State-of-the-art technology which is not covered by insurance
 - Support for programs and hospital services not covered by insurance
 - For example, our child life specialist care providers
 - Support to recruit and retain the nation's top leaders in medicine, nursing and research

Your donations save lives and make what we do possible – THANK YOU!

2019 OCH ACHIEVEMENTS

- **Named a 'Top Children's Hospital' by the Leapfrog Group**, a national hospital watchdog organization, for the second consecutive year. The distinction, which recognizes hospital achievements in patient safety and quality, is widely acknowledged as one of the most competitive honors American hospitals can receive.

- **Achieved the highly prestigious Baby-Friendly Designation.** This distinguished honor demonstrates that Oishei Children's Hospital adheres to the highest evidence-based standards of care for breastfeeding mothers and their babies as set forth by the World Health Organization (WHO) and the United Nations International Children's Emergency Fund (UNICEF) for optimal infant feeding support in the precious first days of a newborn's life.

- **Launched Safe Sleep Program** in partnership with the Foundations and Buffalo Bills to provide education, information and sleep sacks to all newborns.

Thank you to all our annual fund donors and employees who gave gifts of up to \$999 for investing in the health of the moms, kids and babies at Oishei Children's Hospital in 2019! Your continued support helps ensure our crucial programs, technology and care are possible.

INDIVIDUAL DONORS CONTRIBUTED

\$283,000

Individual donors contributed over \$283,000 to our 2019 annual fund!

EMPLOYEES DONATED OVER

\$25,000

Special thanks to our employees who donated over \$25,000 last year to help us continue supporting the care provided at OCH.

\$908,000 raised by CMN Hospitals partners in 2019, one dollar at a time

Oishei Children's Hospital is proud to be part of Children's Miracle Network Hospitals (CMN Hospitals), a North American non-profit organization that raises funds for children's hospitals, medical research and community awareness of children's health issues. As part of the CMN Hospital Network OCH is partnering with local and national brands in our community to support the moms, kids and babies at OCH.

When you see a balloon campaign at our partners here in Western New York, you can be confident that those donations are going directly to helping the kids here at Oishei Children's Hospital.

THE ERIC WOOD FUND

HIGHLIGHTS

\$170,000

was raised in 2019 for the Eric Wood Fund

OVER \$420,000

has been raised for Eric's fund since 2015 thanks to his extraordinary commitment and leadership

200+ families

with chronically ill children receiving care at Oishei Children's Hospital have been provided critical resources

Eric knows firsthand the importance of children's hospitals and the heavy burden carried by a family who must face the serious health issues of a child. Eric's little brother Evan passed away at just 11 years of age, after complications from Cerebral Palsy. Everything Eric does in the community is done, with Evan – and his smile – on his mind and in his heart. Evan is the inspiration and Eric's motivation, and The Eric Wood Fund is his legacy.

Funds raised to support the Eric Wood Fund at The Children's Hospital of Buffalo Foundation have an immediate, positive impact on the comfort and care of chronically ill children and their families. We are proud to partner with Eric to enhance vital services provided through the Family Resource Center, Child Life and Stone's Buddies Program.

Eric is focused on bringing families together and providing positive experiences during what can be very challenging times for a family with a chronically ill child. Some Eric Wood Fund supported efforts includes the Stone's Buddies Holiday "Adopt-a-Family", unique Parent Date Nights, and exclusive Buffalo Bills Game Day Suite Experiences.

We thank Eric for his continued support of Oishei Children's Hospital and the families we serve. His commitment and dedication to directly providing them with much needed assistance means so much to us all!

FAMILY SUPPORT PROGRAMS

CHILD LIFE PROGRAM

The Child Life Program plays a critical role in the experience and healing of our patients, while striving to minimize trauma. The role of a child life specialist is to provide evidence-based, developmentally appropriate interventions including therapeutic play, education, preparation and support. This invaluable service relies solely on donations.

Certified Child Life Specialists:

- Educate children on their developmental level prior to surgery or medical procedures so they understand expectations
- Help siblings understand what their brother or sister is going through
- Simplify complex medical terminology for children and parents
- Provide bereavement support including camps for children to help families cope
- Ease children's fear and anxiety associated with a hospital stay
- Coordinate community groups to visit patients or donate
- Provide pre-hospitalization tours to familiarize children with the hospital

THE IMPACT in 2019:

26,250 children and families helped by the Child Life Team

PROGRAM HIGHLIGHTS

- **Full time Certified Child Life Specialist** was added to the Radiology Department
- **Expanded coverage** for Certified Child Life Specialist in the Emergency Department to cover 7 days a week
- **Purchase of new equipment** that facilitates patient coping including:
 - VR goggles
 - VECTA mobile sensory stations
 - Video game stations for the Emergency Department and Same Day Surgery
 - 5 new mobile gaming systems for inpatient units

FAMILY SUPPORT PROGRAMS

STONE'S BUDDIES

Stone's Buddies is a program that supports families coping with chronic and life-threatening illness. Created in memory of former patient Stone Filipovich, the mission of the program is to provide a network of resources, support, friendship and fun for the many children and families that regularly use the hospital.

THE IMPACT in 2019:

205 families currently registered

30 events throughout the year

2 support group meetings each month

Family Strategies: A support group held for parents who are learning to cope with having children with chronic illness

Living with Loss: A support group for parents who have lost a child to chronic illness or medical complexity

UPDATES AND NEW INITIATIVES

- **Quarterly Airman for a Day Program** in partnership with the 914th Air Refueling Wing
- **Family Resource Center Summer Program** – brought in various community groups in partnership with Healing Arts to create an in-hospital activity calendar for the summer months
- **Bi-monthly Teen Group** events
- **Stone's Buddies Prom**
- **Quarterly Paint Night** with Healing Arts and Caitlin Krumm
- **Parents Night Out** sponsored by Eric Wood Fund
