Kaleida Health
Hospice/Palliative Care Clinical Privileges

Name: ____________________                      Dept: ____________________

The American Board of Medical Specialties (ABMS) has added a new subspecialty certificate in Hospice and Palliative Medicine to the following ABMS Member Boards:

- Anesthesiology
- Emergency Medicine
- Family Medicine
- Internal Medicine
- Obstetrics and Gynecology
- Pediatrics
- Physical Medicine and Rehabilitation
- Psychiatry and Neurology
- Radiology
- Surgery

The first ABMS exam in hospice and palliative medicine began in 2008. During an initial period which is expected to run from 2008 through 2012, physicians with substantial experience in hospice and palliative medicine may be admitted to the examination on the basis of their experience. After this period is over, only those who complete an ACGME-accredited hospice and palliative medicine fellowship will be eligible for certification as a specialist.

To be eligible to apply for core privileges in Hospice/Palliative Care, the applicant must provide proof of completing one of the following:

**Board Certified**
- Subspecialty Hospice and Palliative Medicine certification through one of the above noted specialty boards.

**Board Eligible**
- Eligible to sit for Hospice and Palliative Medicine subspecialty examination by virtue of either
  - Fellowship training or
  - Practice pathway as defined by the primary certifying ABMS board, including certification by the American Board of Hospice and Palliative Medicine (ABHPM) expiring December 31, 2007 and later.

**Hospice Certified**
- Certification from an Accredited Hospice Agency.
Hospice/Palliative Care Core Privileges

Admit, evaluate, diagnose and treat patients for the purpose of palliative care of terminally ill and/or severely/chronically ill patients. These privileges include, but are not limited to:

• Gathering a history
• Performing a physical examination
• Assessing pertinent diagnostic studies
• Forming a treatment plan
• Directing treatment
• Prescribing medication
• Prescribing palliative and post acute services

Please check the applicable age categories for each privilege requested.
